Highlights

Customise coffee

With Philips Saeco espresso machines you can select your preferred coffee length and ground coffee quantity

Adjustable grinder (5)

5 adjustable grinding preferences, from the finest for a full-bodied espresso to the coarsest for a lighter café crème.

Bean to cup system

It means that whole coffee beans are freshly ground and directly processed for each and every beverage.

Cup holder

With this practical feature you can store your espresso cups and glasses right on the espresso machine - always within reach and conveniently stored without taking up space.

Cup lift

Manually adjustable drip tray to fit every cup size underneath the coffee dispenser

Ergonomy

Saeco is a synonym for convenience: refilling beans or water, emptying the coffee-dump box or the drip tray, all compartments are directly accessible.

Classic milk frother

Unleash your inner barista, preparing your delicious milk specialities the traditional way guaranteeing a gorgeous foam.

One-click removable group

The brewing group – a Saeco invention - is the heart of our machines, ensuring that the machine makes everything on its own. Thanks to its easy access, you can effortlessly remove it for regular cleaning with just one click.

Descaler Warning

Dedicated led to advise the end user that the machine needs to be descaled
